DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 21 and 23 are rejected under 35 U.S.C. 102(e) as being anticipated by Bublewitz et al. 6,352,177.

Bublewitz et al. disclose a device (10) for mixing and dispensing multi-component compositions, which comprises a cartridge (12) with at least two cylindrical chambers (40,42) arranged in parallel, each having a plunger and an outlet opening (18,20) (col. 1, ll. 57-62), a transverse wall (60) disposed between the outlet openings, a movable cap (62) having an outlet tube (75), the cap being movable between a closed position to an open position as seen in Figures 5 and 6, a mixing helix (77) disposed within the outlet tube, wherein the mixing helix is fastened to the transverse wall as seen in Figure 7.

Allowable Subject Matter

3. Claims 1-7,14-20,22 are allowed.

Response to Arguments

4. Applicant's arguments filed 10/23/2006 have been fully considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
